TR43 Wall Light

The TR43 is a sculptural wall lamp that combines art and light. With its flowery form, it sits elegantly on the wall, casting a soft, ambient glow that enhances any space. Available in both single and double sizes, the TR43 is a true eye-catcher, designed to be both decorative and functional.

This design was inspired by one of the Tom Rossau classics and bestsellers, the TR7. During its unique production process, the TR7 starts as a flat piece before being twisted into its signature elongated shape. Fascinated by this transformation, Tom envisioned a wall lamp that would embrace the TR7's initial form, leading to the creation of the TR43, a piece that turns light into art.

Specifications

Dimensions

Single: ø36 x h12 cm

Double: ø68 x h14 cm

Materials:

Birch Veneer

Colours:

Natural

Technical

Recommended light source:

1 x LED G9 – Included

Recommended power:

max 7W)

Certifications

This product complies with the harmonised standard of the EU.

LED

IP20
